When you decide to invest in silver, choose american eagle silver bullion coins from the united states mint.

Founded in 1792, the United States Mint is a bureau of the Department of the Treasury. The official mint of the U.S. government, it makes the Nation's circulating legal-tender coinage, and it is regarded worldwide for its meticulous craftsmanship.

When you decide to invest, choose a popular American-made, U.S. government-backed tradition. A portfolio diversifier. A great gift or reward. Invest in American Eagle Silver Bullion Coins.

The United States Mint also produces proof and uncirculated versions of its American Eagle Silver Bullion Coins.

Choose Eagles First.

AMERICAN EAGLE SILVER BULLION COINS

MINTED IN AMERICA

UNITED STATES MINT

WHEN YOU INVEST IN SILVER, CHOOSE EAGLES FIRST.

Discovered after gold and copper around 4000 B.C., silver has long been used in jewelry and as a medium of exchange. Americans have always held a passion for silver, first minting it in 1794 into dollar coins. Most recently, silver — in the form of bullion coins — has become an investment option.

When you invest in silver, choose the bullion coins that feature the very symbol of our nation's freedom — the American Eagle. Choose American Eagle Silver Bullion Coins, one of the leading silver bullion investment coins in the world.

Historically, silver has been the most affordable precious metal. Silver Eagles act as building blocks for precious metals investment. They may increase your portfolio's diversity because their value often moves independently of stocks and bonds. They offer liquidity, meaning they're easy to buy and sell. And in this fast-paced world of electronic investing, Silver Eagles are tangible investments whose beauty and artistry you can literally enjoy in the palm of your hand. They also make affordable, thoughtful gifts that can be passed down through generations.
